Gastroesophageal reflux disease (GERD) Symptoms & Causes

Dr. Larissa Allen, M.D.

Dr. Allen was raised in Tucson, Arizona. She received her undergraduate degree from Illinois State University where she graduated Cum Laude and also completed a four-year collegiate tennis career.

After returning to Tucson, she graduated from medical school in 2008, subsequently completing her Internal Medicine Residency and Gastroenterology Fellowship program at the University of Arizona College of Medicine.

Dr. Allen is Board Certified in Internal Medicine and Gastroenterology. Her specialty areas of interest are in gastroesophageal reflux disease (GERD), esophageal motility disorders, and colorectal cancer prevention.

Practically a Tucson native, she is dedicated to serving the Tucson community.

She enjoys spending time with her husband and three children, attending music concerts and performances, and is an avid snow skier.

Call me at 722-6300 or respond to email.
